**Purpose**

Barber-Scotia College, founded in 1867 and located in the beautiful historic district of Concord, North Carolina, is a Presbyterian Church-USA affiliated Christen Liberal College dedicated to the proper training of future professional, evangelical ministers, and other Church lay persons pursuing or currently practicing the vocation of Christian ministry. Whether the student desires to pursue a career in a secular profession, the pastoral ministry, or other ministries such as Christian educator, missionary worker, evangelist, etc., Barber-Scotia College stands ready and able, through the power of the Holy Spirit, to equip God’s people to operate in their divine calling.

Although upon graduating many of our students go on to pursue honorable careers in the secular field, one of the goals of Barber-Scotia College is to prepare those going into the Christian ministry to be effective and successful leaders in the Church. It is our Lord’s desire that all His children labor in the vineyard (Matthew 9:37-38). It is also His desire that all his children study to show themselves approved unto God, being workmen that need not to be ashamed, rightly dividing the Word of truth in order that they may be fully equipped to serve in His name (II Timothy 2:15). By God’s grace, Barber-Scotia College has structured its program in Religion to fulfill both of these divine mandates for the faithful Christian who desires a deeper understanding of the Scriptures and of the Christian ministry.

**Program Overview**

Barber-Scotia College offers a Bachelor of Arts in Religion. There is a 120 credit hour “General” track and a 126 credit hour ‘Pastoral Care’ track. The BA in Religion will prepare the student for graduate level studies in Divinity at a seminary or Bible College as well as provide basic level training for future and existing pastors and Church leaders.

The lack of an academic degree should neither hinder a person from wanting to receive a well-rounded theological education nor should it disqualify a person from serving effectively in the Christian ministry. Therefore, to those who want a theological education, yet, do not desire an undergraduate degree, the Diploma in Religion is offered. The student must successfully complete the 60 credit hours of Religion core requirements, after which, the Diploma in Religion will be upgraded to the BA in Religion if the student successfully completes the other degree requirements.

Our degree and diploma program is comparable to any Bible College program. Our academic standards are high and our curriculum is comprehensive offering the student a rigorous, challenging, and fulfilling education. We can make these claims because of the qualifications and dedication of our faculty and staff.

**Program Overview Cont.**

The BA in Religion and Diploma in Religion are unique in that they not only cater to the traditional daytime student but evening and weekend classes are offered to the mature working adults who want a solid and reputable theological education but are unable attend day classes. Evening and weekend classes, along with the traditional daytime classes, make our programs accessible to both full-time and part-time students who want to pursue the degree or diploma at their own pace.
### Bachelor of Arts in Religion (General)

123 hours (41 courses)
